I, the undersigned applicant, do hereby request permission to install a deduct meter with a remote outside meter on my property at my own expense to measure metered water not entering the sewer lines of the Collier Township Sewer Department. I certify that the deduct meter will be installed in such a manner and at such a location to measure water that does not and cannot enter the sanitary sewer system and the installation is subject to the approval of ALCOSAN. I agree to notify the Collier Township Sewer Department of the installation of the deduct meter and the remote meter and will arrange a time convenient to an ALCOSAN representative to allow for the examination and inspection of the installation and the approval of same. I agree and understand that I will not be credited for any water registered on the deduct meter if I use it before it is inspected and initially read by ALCOSAN. I acknowledge that the Collier Township Sewer Department will annually notify me to read and submit a photo of the meter and will issue to me a refund for the total number of gallons of water that did not enter the sanitary sewer system, less the \$25.00 administrative fee. I agree that under no circumstances will any line beyond the deduct meter be connected or reconnected to discharge water into the sanitary sewer system.
